About Foodshare

Recognized as one of the most innovative, progressive and efficient food banks in the country, Foodshare serves Hartford and Tolland counties and since 1982, has sought to solve the problem of hunger in the region. Last year, Foodshare provided enough food for 12 million meals to 300 partner programs including food pantries, community kitchens, and homeless shelters, and through its Mobile Foodshare program. Despite that significant effort, two-thirds of the need remains unmet. In order to bridge this gap, the organization is involving the entire community to increase the amount of food available from all sources while also helping individuals to achieve self-sufficiency. Looking beyond the immediate lack of food, Foodshare will address the chronic underlying causes of why there is still hunger in America, stemming from poverty and the lack of access to resources.
